

IMS Policy

Adage Automation Pvt Limited always strive to provide:

- Products that meet our customer expectations.
- Effective support for commissioning and after Sales Service through trained Engineers/Specialists.
- Enhance value of service through application engineering support on Adage products through continual improvement of quality management system, employee commitment in all processes and fair business practices.
- We are committed to protect the occupational Health Safety in all our departments/operations.

We will endeavour to adhere to the following to sustain our commitment:

- Compliance to applicable legal and other requirements.
- Minimization/Reduction of impact on Occupational Health & Safety through prevention of injury & ill Health.
- Continual Improvement of occupational Health & Safety
- Performance by setting objectives/Targets and maintenance of appropriate controls.
- Communication of this policy to our employees, suppliers and business partners of Adage.

Quality, Health and Safety is the Top Priority in Adage. This SPIRIT has been inculcated & nurtured for all our employees across all our offices in India and overseas.

A handwritten signature in black ink, appearing to read 'Abhijit', is positioned above the printed name of the CEO.
